*-Splash Editorial Team*

Amara Jyothi Public School definitely turned its dreams into reality as it hosted the much awaited 'Flyers Cup' on 18th and 19th November, 2022. An interschool sporting event of the highest merit and capacity, the 'Flyers Cup' tournament is the hub for inspiration and enthusiasm as it drives a culture of sportsmanship in every student.

It saw its inception as an extracurricular initiative undertaken by the School Management in the year 2014. With the sole motto of encouraging an interest in the athletics and sports realm, each year, more than 18 schools actively participate in the competition for the coveted cup. The tournament is open to students from different schools- Football, Basketball, Shuttle badminton and Table Tennis are the various sports that are avidly anticipated.

This year, the school organised and conducted its fifth Flyers Cup Tournament successfully after a hiatus of two years caused by the pandemic. The competition commenced with the Chairman and Principal wishing all the players the best of luck followed by a euphoric and enthusiastic cheer to support the excited players who played with immense passion and determination. The non-participants went out of their way to motivate and encourage the players throughout the game. Moreover, delicious and mouth-watering food stalls were also put up for all to indulge in. The two-day event ended with the young hearts sparkling with happiness and celebration as many participants took home their well-deserved awards.

*"No problem of human destiny is beyond human beings." – John F. Kennedy*

On November 25 and 26, AJPS hosted its first-ever inter-school MUN Conference- AJMUN'22.

The School Management took great pride in undertaking the opportunity to host the MUN Conference, which enabled the young delegates to pool in their creative ideas and collaborate fruitfully for multilateral negotiations to settle global challenges. The MUN was created to foster, strengthen and encourage reciprocal cooperation and diplomacy as well as to hone the skills of young delegates to tackle global concerns.

The focus of AJMUN'22 was on creative committees, expanding the definition of Model UN. From General assemblies to Crisis committees, the delegates involved themselves in engaging topics, contentious discussions, and several opportunities to demonstrate their oratory prowess. Moreover, the students, were exposed to the issues faced by the global world. Across the screen, deliberations were carried. They were tasked for assigning the representatives of various nations and with attesting to those nations' positions during numerous rounds of discussion and negotiation with other parties. The task of creating a resolution paper to address a worldwide issue was given to the participants.

Ultimately their horizons of understanding have undoubtedly been expanded by this exhilarating experience and has helped them develop their leadership skills, confidence and analytical skills. The event has certainly left a lingering taste of togetherness which will surely find an indelible impression in their memories.

### COMMENCEMENT OF NEW YEAR

*-AyeshaRao (STEB team)–Std.IX*

As the end of the year comes close, we are reminded of the proverb, "All's well that ends well". This year's conclusion also reminds us of the memories we created along the way, giving us immense pleasure. We strive to end the year on a high note. Moreover, the end of something brings out something new. Pristine aspirations flood our minds, and our usual tendency is to endeavour these resolutions from the beginning of the year. Implementing these goals from the very onset of the new year is important if we wish to succeed in them. We must always strive for the edification of ourselves when we set a resolution- we surely should work hard to reinforce the values behind the resolutions. Even indulging in pastimes that give us contentment is also essential. No matter what our ambition is, we must start from the very beginning to achieve it. Though it's never too late to start afresh, what better time than New Year's Eve to do so. Thus, this New Year, let's aim and work hard, for self-betterment.
